

JACKPOT DIGITAL TO EXHIBIT DEALERLESS POKER TABLES AT THE GLOBAL GAMING EXPO IN LAS VEGAS

Vancouver, British Columbia – October 3, 2022 – Jackpot Digital Inc. (the “Company” or “Jackpot”) (TSXV: JJ) (TSX-V: JJ.WT.B) (TSX-V: JJ.WT.C) (US OTCQB: JPOTF) (Frankfurt Exchange: LVH3) is pleased to announce that it will showcase its next generation Jackpot Blitz® Dealerless Poker ETG at the world’s largest casino industry expo which will take place next week at the 2022 Global Gaming Expo (“G2E”) in Las Vegas, Nevada, USA.

The new Jackpot Blitz® ETGs can be seen and played live at booth number 3843 during the tradeshow hours from October 11 through October 13, 2022, at the Venetian Convention and Expo Center in Las Vegas. The newest version of Jackpot Blitz® supports the Slot Accounting System (“SAS”) protocol, commonly known as “Ticket In / Ticket Out” (“TITO”), which has the capability to accept cash/voucher and print voucher at each seat.

With the TITO and SAS protocol integration, Jackpot Blitz® ETG meets the industry standard criteria required by most large casino operations. This functionality should significantly increase the number of casinos that are able to install Jackpot Blitz® onto their casino floors unlocking major segments of the global casino market. The Company sees the introduction of this feature as a significant growth milestone.

Jackpot Digital President and CEO, Jake Kalpakian states, “Casinos have given us overwhelmingly positive reviews on Jackpot Blitz® because of its intuitive design, engaging touchscreen display and clear operational benefits. However, many casinos have been unable to order our product due to their need for Jackpot Blitz® to integrate with their casino management systems, and for their players to fund gameplay directly with cash, which we have not offered until now. Our next generation Jackpot Blitz® addresses these critical requirements and dramatically opens many new markets for the Company.”

Mr. Kalpakian continues, “Demand for Jackpot Blitz® had already increased due to the ongoing labor shortages and inflationary pressures being faced by casinos around the world. With the new functionality of Jackpot Blitz®, particularly the ability of players to use cash to fund gameplay directly at the table, demand for our product is higher than ever before. G2E is the largest casino industry expo in the world, and this show will be the first unveiling of the next generation Jackpot Blitz® to a worldwide audience. We are very excited to exhibit Jackpot Blitz® to a global audience, and our G2E tradeshow calendar is very busy, with appointments scheduled throughout the show.”
